WMC
2022

Program

10th World Congress on Mummy Studies
Bolzano, Italy | 05–09 September 2022

SCIENTIFIC COMMITTEE

ALBERT R. ZINK

PRESIDENT OF THE ORGANIZING COMMITTEE - CHAIR
Eurac Research
Institute for Mummy Studies
Bolzano, Italy

CONRADO RODRÍGUEZ MARTÍN

PRESIDENT OF THE WORLD MUMMY CONGRESS
Instituto Canario de Bioantropología
Tenerife, Islas Canarias, Spain

NIELS LYNNERUP

PRESIDENT OF THE SCIENTIFIC COMMITTEE
University of Copenhagen
Department of Forensic Medicine
Copenhagen, Denmark

SALIMA IKRAM

APPOINTED MEMBER
American University in Cairo
Department of Sociology, Egyptology and Anthropology
Cairo, Egypt

JANE E. BUIKSTRA

APPOINTED MEMBER
Arizona State University
School of Human Evolution and Social Change
Arizona, USA

FELIPE CÁRDENAS-ARROYO

APPOINTED MEMBER
COLOMBIAN INSTITUTE OF ANTHROPOLOGY AND HISTORY
Bogotá, Colombia

ORGANIZING COMMITTEE

INSTITUTE FOR MUMMY STUDIES

ALBERT R. ZINK • FRANK MAIXNER • GIOVANNA CIPOLLINI •
VALENTINA COIA • MARCO SAMADELLI • ALICE PADALIN •
MYRIAM FLORENCE CROZE • ALEXANDRA MUSSAUER •
GUIDO VALVERDE • CHRISTINA WURST • HEIDI YOKO JÄGER •
MOHAMED SABRY SARHAN • STEFANIA ZINGALE •
MANUELA MILAN • RENATE CASSAR

MEETING MANAGEMENT

VERENA ZUBLASING

10th World Congress on Mummy Studies WMC 2022

4th Bolzano Mummy Congress
05-09 September 2022
Bolzano, Italy

Program overview

Sunday, 4 September 2022

18.00 – 20.00 Charity concert - Eurac Research HQ, Viale Druso 1, 39100 Bolzano

Monday, 5 September 2022

08.00 – 09.00 Registration

09.00 – 09.30 Conference opening

09.30 – 10.45 Session 1

10.45 – 11.15 Coffee break

11.15 – 12.45 Session 2

12.45 – 13.45 Lunch

13.45 – 15.30 Session 3

15.30 – 16.00 Coffee break

16.00 – 17.30 Session 4

18.30 – 20.30 Welcome drink and Iceman exhibition – South Tyrolean Museum of Archaeology

Tuesday, 6 September 2022

09.00 – 10.30 Session 5

10.30 – 11.00 Coffee break

11.00 – 12.30 Session 6

12.30 – 14.00 Lunch

14.00 – 15.30 Session 7

15.30 – 16.00 Coffee break

16.00 – 17.30 Session 8

18.00 – 19.00 Public lecture

19.00 – 22.00 Poster session – beer & pizza reception

Wednesday, 7 September 2022

09.00 – 10.30 Session 9

10.30 – 11.00 Coffee break

11.00 – 12.30 Session 10

12.30 – 14.00 Lunch

14.00 – 15.30 Session 11

15.30 – 16.00 Coffee break

16.00 – 17.15 Session 12

17.15 – 18.15 General assembly

20.00 – 23.00 Conference dinner – Maresch castle

Thursday, 8 September 2022

09.00 – 10.30 Session 13

10.30 – 11.30 Brunch

11.30 – 13.00 Session 14

13.00 – 14.00 Session 15 – Mummy exhibition

14.00 – 14.30 Closing remarks

15.00 – 17.00 Mummy labs tour

Friday, 9 September 2022 – Excursions

Visit to Lazaun Alp + archeoParc

08:30 Meeting point at Eurac Research

08:40 Meeting point at NOI Techpark

Hike to the Ötzi discovery site

05:30 Meeting point at Eurac Research

05:40 Meeting point at NOI Techpark

Scientific program

Monday, 5 September 2022

09.00 – 09.30	Conference opening Roland Psenner: Welcome address Albert Zink: Introduction
09.30 – 10.45	Session 1: Iceman
09.30 – 09.45	Weber, Jochen et al.: Medical aspects of Ötzi's arrow wound: how long did he survive the trauma?
09.45 – 10.00	Lynnerup, Niels et al.: Ötzi: new 3D visualizations of the wound of the left shoulder
10.00 – 10.15	Pernter, Patrizia et al.: Computed tomography as a noninvasive tool for long-term control of the preservation of the Iceman
10.15 – 10.30	Wang, Ke et al.: High coverage genome of the Tyrolean Iceman reveals high Anatolian farmer ancestry
10.30 – 10.45	Croze, Myriam et al.: Reconstructing genomic and social structure of prehistoric individuals from the eastern Italian Alps
10.45 – 11.15	<i>Coffee break</i>
11.15 – 12.45	Session 2: Biomedicine & Paleoparasitology
11.15 – 11.30	Rodríguez-Martín, Conrado et al.: Paleoimaging of Guanche mummies
11.30 – 11.45	Ejsmond, Wojciech et al.: Pregnant ancient Egyptian mummy – state of the research and further plans
11.45 – 12.00	Eppenberger, Patrick et al.: Evolutionary implications of elongated vascular calcinosis in the mummified forearm of the 4400-year-old probable remains of King Unas
12.00 – 12.15	Maixner, Frank et al.: Microscopic evidence for malaria infection in visceral tissue of the Medici family
12.15 – 12.30	Gurjão, Ludmila et al.: Next Generation sequencing applied to coprolites of Gruta do Gentio II archaeological site, Southeast Brazil.
12.30 – 12.45	Iñiguez, Alena et al.: Technological innovation in paleoparasitology in Brazil: preliminary outcomes
12.45 – 13.45	<i>Lunch</i>

13.45 – 15.30	Session 3: South American mummies – Imaging and Bioarchaeology
13.45 – 14.00	Buikstra, Jane: ONE Paleopathology: globalizing the study of ancient health
14.00 – 14.15	Valverde, Guido et al.: The Bolivian Mummy Project – Different lines of scientific evidence for the study of pre-Columbian mummies at museums
14.15 – 14.30	Wilson, Andrew et al.: Llullaillaco child mummies: bioarcheology context_ part 1
14.30 – 14.45	Villa, Chiara et al.: Llullaillaco child mummies: 3D documentation and imaging analysis _part 2
14.45 – 15.00	Watson, Lucia et al.: Mummies as Microcosms: analysis of mummy bundles from the central coast of Peru (1100 AD-1532 AD) using computed tomography
15.00 – 15.15	Fuentes, Sarita et al.: The city of the Living and the Dead: Bioarchaeology and our understanding of the site of Pachacamac, Peru - 120 years of history
15.15 – 15.30	Socha, Dagmara et al.: The toxicological analysis of Nazca mummies.
15.30 – 16.00	<i>Coffee break</i>
16.00 – 17.30	Session 4: Atherosclerosis & Imaging
16.00 – 16.15	Thompson, Randall et al.: Atherosclerosis in ancient mummies: The HORUS study of 268 adult individuals
16.15 – 16.30	Antoine, Daniel et al.: Cardiovascular disease in Nile valley mummies: exploring the need for a more systematic approach that accounts for vessel prevalence and the impact of Dual Energy CT scanning
16.30 – 16.45	Wurst, Christina et al.: Atherosclerotic cardiovascular disease in mummies - A polygenic risk score based on a genetic enrichment approach
16.45 – 17.00	Thomas, Gregory et al.: Atherosclerosis in Arctic mummies despite consumption of a marine based diet high in omega-3 fatty acids
17.00 – 17.15	Badr, Ibrahim: New reading in ancient mummification technique by using CT scan as non-destructive tool for mummies examination applied on Tjanefer mummy (H-3rd Intermediate, Dynasty 21)
17.15 – 17.30	Vetter, Luisa et al.: Metal offerings and the mummy: the analysis of the contents of funerary bundles from the central coast of Peru (1100d.C-1532d.C) based on CT-Scans
18.30 – 20.30	<i>The South Tyrol Museum of Archaeology kindly invites to: Welcome drink and visit of the Iceman exhibition</i>

Tuesday, 6 September 2022

09.00 – 10.30	Session 5: Molecular analysis & Imaging
09.00 – 09.15	Nelson, Elizabeth et al.: Synergistic paleopathological analysis of Chachapoya mummified remains, north-eastern Peru
09.15 – 09.30	Granehäll, Lena et al.: Reconstructing the ancient <i>Helicobacter pylori</i> genome of an 18th century mummy from Basel, Switzerland
09.30 – 09.45	Boggi, Byron et al.: Multiomic applications in the study of biomolecular preservation and ancient disease discovery
09.45 – 10.00	Lerchi, Andrina et al.: Proteomic profiling of tissues from a medieval Mongolian mummy
10.00 – 10.15	Pedergrana, Antonella et al.: Oral health in Medieval Europe explored through paleoproteomics
10.15 – 10.30	Sarhan, Mohamed et al.: Reconsidering additional sources of ancient DNA
10.30 – 11.00	<i>Coffee break</i>
11.00 – 12.30	Session 6: Egyptian mummies
11.00 – 11.15	Rühli, Frank et al.: Sustainable mummy studies: capacity building activities in Egypt
11.15 – 11.30	Hobel, Tina: The Necropolis of the Coptic monastery of St. Paulos (Deir el-Bachît) at Western Thebes, Egypt. State of research and current results
11.30 – 11.45	Lösch, Sandra et al.: The human remains of the Coptic monastery complex in Deir el-Bachît in Thebes-West
11.45 – 12.00	Tatz, Sabrina: Burial patterns and social structures in Late Antiquity. The necropolis of the Paulos Monastery/Upper Egypt
12.00 – 12.15	Mussauer, Alexandra et al.: Four thousand years of maternal ancestry in ancient Egypt illuminated by mitochondrial genome sequencing
12.15 – 12.30	Braulinska, Kamila et al.: Radiological analysis of the Warsaw mummy's alleged pregnancy, with a broader study of the radiological, archaeological and Egyptological context
12.30 – 14.00	<i>Lunch</i>

14.00 – 15.30	Session 7: Imaging, Biomedicine & Conservation
14.00 – 14.15	Sutherland, Linda et al.: Medical conditions in ancient people: CT paleopathology pictorial essay in mummies
14.15 – 14.30	Thompson, Randall et al.: Ten ancient mummies with extensive atherosclerosis on CT imaging: a pictorial essay
14.30 – 14.45	Seiler, Roger et al.: Orofacial pathologies in two temporally disjunct population samples in the Temple of Millions of Years of Thutmosis III in Western Thebes, Egypt
14.45 – 15.00	Facchetti, Federica et al.: Mummy of vizir Imhotep: interdisciplinary study and restoration work
15.00 – 15.15	Hartenstein, Cassandre et al.: Study of Egyptian mummies in context. An assemblage of the beginning of 18th dynasty.
15.15 – 15.30	Olivia, Cinzia: Conserving Egyptian mummies: a difficult relationship between past and present
15.30 – 16.00	<i>Coffee break</i>
16.00 – 17.30	Session 8: Museums & Conservation
16.00 – 16.15	Jankauskas, Rimantas et al.: Study of Corposanto - relics of St. Bonifatius, Holy Martyr
16.15 – 16.30	Wilkinson, Caroline: Presenting the faces of preserved human remains: ethical, academic and practical challenges
16.30 – 16.45	Peyroteo Stjerna, Rita et al.: Mummification in the Mesolithic. New approaches to old photo documentation reveal previously unknown mortuary practices in the Sado Valley, Portugal
16.45 – 17.00	Silva-Pinto, Verónica et al.: Agency and corporality in the mortuary treatment of Chinchorro infants of the Atacama's coast desert
17.00 – 17.15	Gutierrez Espinola, Donal Mauricio et al.: Conservation process of the mummy from Cajamarquilla, Peru.
17.15 – 17.30	Schotsmans, Eline et al.: Conducting experiments at the Australian Facility for Taphonomic Experimental Research (AFTER) for a better understanding of mummification practices
18.00 – 19.00	Public lecture Ikram, Salima: Egypt's royal mummies: from discovery to display(s)
19.00 – 22.00	Poster session Beer & pizza reception

Wednesday, 7 September 2022

09.00 – 10.30	Session 9: Mummies from Europe, the Near East & North Africa
09.00 – 09.15	Nielsen, Nina et al.: Tollund Man’s last meal: new analyses of his colon contents
09.15 – 09.30	Zingale, Stefania et al.: Revealing the “Maronite mummies” of Assi el Hadath cave (Lebanon)
09.30 – 09.45	Silva-Bessa, Angela et al.: An interdisciplinary study on the mummified and skeletonized human remains from three Portuguese cemeteries (19th-21st centuries)
09.45 – 10.00	Alapont Martin, Llorenç et al.: A singular tomb in Pompeii. The inhumation and mummification of Marcus Venerius Secundio
10.00 – 10.15	Metcalfe, Jenefer et al.: Anthropogenic mummification at Koshtamna, Nubia; the evidence from Douglas Derry’s archives
10.15 – 10.30	Lunardini, Agata et al.: Unusual artificial mummification in Medieval Italy: The Blessed Illuminata and Chiarella from Montefalco (Perugia, Italy)
10.30 – 11.00	<i>Coffee break</i>
11.00 – 12.30	Session 10: Biomolecular studies
11.00 – 11.15	Sharpen, Jack et al.: Mummification modelling: Profiling the biomolecular mechanisms and markers of tissue degradation for archaeological and forensic applications.
11.15 – 11.30	López-Costas, Olalla et al.: Mercury and mummies
11.30 – 11.45	Gaeta, Raffaele et al.: Viral infections in a 16th century Italian infant mummy: a paleo-molecular biology study
11.45 – 12.00	Currò, Aurora et al.: What mummies can reveal us about genetic diseases
12.00 – 12.15	Majchrzak, Lukasz et al.: The multimodal chemical and histological study of the Andean pre-Columbian Chancay mummies
12.15 – 12.30	Fornaciari, Antonio et al.: The mummies of the Basilica of Saint Domenico Maggiore in Naples (XV-XVII centuries): a paleotoxicological approach
12.30 – 14.00	<i>Lunch break</i>

14.00 – 15.30	Session 11: Mummification Methods
14.00 – 14.15	Rossetti, Chiara et al.: Rehydration recipes and pre analytical choices as a personalized medicine in histopathology of mummified tissues
14.15 – 14.30	Colmenares Prado, Marta et al.: Multiproxy biogeochemical approach of Egyptian mummies balm composition
14.30 – 14.45	Vandenbeusch, Marie et al.: The mummified people from Thebes, Egypt
14.45 – 15.00	Zesch, Stephanie et al.: The multifaceted nature of Egyptian mummification: new insights into child mummies
15.00 – 15.15	Loynes, Robert: The Ptolemaic Period. Pinnacle of Egyptian mummification technique?
15.15 – 15.30	Stark, Robert et al.: Insights to Mummification methods from Theban tombs (TT) 65–67 in the Sheikh Abd el-Qurna Section of the Theban Necropolis at Luxor, Egypt
15.30 – 16.00	<i>Coffee break</i>
16.00 – 17.15	Session 12: Museums & Collections
16.00 – 16.15	Piombino-Mascoli, Dario et al.: Celebrating the centenary of Arthur Aufderheide’s birth (1922-2022)
16.15 – 16.30	Malgora, Sabina et al.: Application of modern technologies to the study of Egyptian mummies: the case of “Ankhekhonsu” of the Civic Archaeological Museum of Bergamo, Italy
16.30 – 16.45	Milani, Chantal et al.: The Bergamo mummy of Ankhekhonsu: forensic facial reconstruction
16.45 – 17.00	Paasikivi, Sofia et al.: Post Medieval mummies in the Church of Seili, Finland
17.00 – 17.15	Teßmann, Barbara et al.: Lost and found: mummies and bones of the so-called priest tombs from the mortuary cult complex of Ny-User-Ra in Abusir, Egypt
17.15 – 18.15	General assembly
20.00 – 23.00	Conference dinner - Maretsch Castle

Thursday, 8 September 2022

09.00 – 10.30	Session 13: Museums & Conservation
09.00 – 09.15	Manzollino, Roberta et al.: The other face of musealization: 3D computerized reconstruction of the facial features of an Egyptian mummy
09.15 – 09.30	Belvedere, Marianna et al.: Digital fabrication and heritage enhancement: the Pavia mummy copy made by Spazio Geco Fab Lab
09.30 – 09.45	Schraut, Philipp: The archeoParc Schnals museum and the environment of the Schnalstal valley
09.45 – 10.00	Barbero, Enrico: A new exhibition room at the Museo Egizio: Between conservation and display of human remains
10.00 – 10.15	Silva-Pinto, Verónica et al.: Chinchorro transcend death: the usefulness of CT scan for the construction of mummies replicas to museography
10.15 – 10.30	Lemaitre, Serge et al.: Interdisciplinary research on Andean mummies at the Royal Museums of Art and History, Brussels, Belgium
10.30 – 11.30	<i>Brunch</i>
11.30 – 13.00	Session 14: Funerary Archaeology & Imaging
11.30 – 11.45	Huaman Santillan, Yomira Silvia: The Lord of Cajamarquilla: analysis of the funerary context of the Cajamarquilla mummy from funerary archaeology.
11.45 – 12.00	Van Dalen Luna, Pieter: Archaeological studies on the mummies of the Chan-cay culture
12.00 – 12.15	Errera, David: Wait in the fire: cremation of mummies as a funeral rite in the pre-Wari period at the archaeological site of Minaspata in the Lucre Basin (Cusco-Peru)
12.15 – 12.30	Timbart, Noelle et al.: A new approach on the smell of Egyptian mummies: study of their odorous organic compounds
12.30 – 12.45	Kirgis, Pauline et al.: Tiny bugs and mummies: a clever mix! Archaeoentomology, archaeoparasitology and 3D reconstruction
12.45 – 13.00	Krachler, Sophie: Where eternity ends – a conservator's job begins
13.00 – 14.00	Session 15: Mummy Exhibition
13.00 – 14.00	Picchi, Daniela et al.: The Bologna mummy project: an interdisciplinary approach to the study of human remains from Roman and Medieval Egypt
14.00 – 14.30	Closing remarks
15.00 – 17.00	Mummy labs tour

Friday, 9 September 2022 – Excursions:

Visit to Lazaun Alp + archeoParc

08:30 Meeting point at Eurac Research

08:40 Meeting point at NOI Techpark

Hike to the Ötzi discovery site

05:30 Meeting point at Eurac Research

05:40 Meeting point at NOI Techpark

Poster session

- P 01** Teßmann, Barbara et al.: Multidisciplinary study of a smoked mummy from Australia
- P 02** Pankova, Svetlana et al.: Hidden behind the mask: CT scans of the Siberian mummy of Oglakhty provide insight into its head mummification and portrait likeness of the mask
- P 03** Gerst, Robin: Ancient mummies with tattoos from South American Andes - an introduction
- P 04** Timbart, Noelle et al.: Research and conservation of human remains: cross contributions
- P 05** Carrara, Nicola: The Ptolemaic mummy at the Museum of Nature and Man, University of Padova: history, research and exhibit
- P 06** Spinek, Anna et al.: Like a fingerprint - morphological and morphometric variability of the frontal sinuses in ancient Egyptian mummies
- P 07** Haller, Magdalena et al.: Mass burial genomics reveals an association between HLA-DRB1*03 and Paratyphoid Fever in Medieval Europeans
- P 08** Rudbeck, Emilio et al.: The post-mortem Clostridium effect in mummies
- P 09** Manzollino, Roberta et al.: The enhancement of mummies as a pull factor for the audience: an analysis between brand management and promotion of territorial and tourism in Italy.
- P 10** Jäger, Heidi Yoko et al.: Chasing ancient pathogens: A look into the ancient tuberculosis research of the Vác Mummy Collection
- P 11** Meiseleider, Lisa et al.: Genomic analysis of Late Iron Age individuals from Münsingen-Rain (Switzerland, 420-180 BCE)
- P 12** Lopes, Laiz et al.: Paleogenetic analysis of Pediculosis of Andean mummies from the Atacama desert, Chile
- P 13** Boano, Rosa et al.: Cataloging mummies. Experiences from the Museum of Anthropology and Ethnography of Turin (Italy)
- P 14** Eppenberger, Patrick et al.: Acquisition of cross-sectional images for the diagnostic evaluation of ancient human remains in remote areas and under challenging field conditions
- P 15** Abreu Abreu, María José: The Mummies of Guanajuato's life stories
- P 16** Minozzi, Simona et al.: Disturbing elements and preservation problems in a medieval natural mummy: animal nesting.
- P 17** Warwick, Alexandra et al.: Breasts in Dynastic Egypt
- P 18** Braulinska, Kamila et al.: The assemblage of animal mummies in Poland
- P 19** Nafari, Reza.: Introduction and identification of burials obtained from the archeological excavation of the Kamin cemetery, Fars Province, Iran.
- P 20** Bernaski, Mario et al.: Cryopreservation Isochoric with atmosphere modification of the Llullaillaco Mummies in Salta – Argentina
- P 21** McKnight, Lidija: Are we winging it? – Assessing confidence levels in the zooarchaeological identification of bird taxa contained within animal mummies
- P 22** Gaeta, Raffaele et al.: Histological study of pulmonary tuberculosis in a 19th-century natural mummy from Comiso (Sicily, Italy)
- P 23** Rovelli, Valentina et al.: Preservation of endogenous DNA in cat mummies from ancient Egypt
- P 24** Panzer, Stephanie et al.: Evidence of ancient Egyptian treatment of a purulent soft tissue infection
- P 25** Monsalve, Maria et al.: „Hands-on archaeological and historical medical collections“: an educational activity
- P 26** Salem, Nada et al.: Insights into ancient Egyptian genomes in the first Millennium BC
- P 27** Loynes, Robert et al.: The Quinto infant mummy PQ 27: a possible case of septicaemic death
- P 28** Soggiu, Alessio et al.: Genomics and proteomics analysis on Egyptian mummies: the case of “Ankhekhonsu” of the Civic Archaeological Museum of Bergamo, Italy.
- P 29** Solari, Ana et al.: Archaeology of mummification and gender: revisiting an 18th century female monastery in São Paulo, Brazil
- P 30** Solari, Ana et al.: Regarding a mummy: Overview and management plan for study of a naturally mummified body displayed at the Museu do Homem Americano, Brazil.
- P 31** Liu, Jessica et al.: Facial depiction of a Roman period mummy with portrait from the Fayoum Oasis, Egypt
- P 32** Shrimpton, Sarah et al.: Cognitive bias in textural decisions for the depiction of the ancient Egyptian mummy, Takabuti
- P 33** Roughley, Mark: What are the current methods for presenting digital facial depictions of ancient Egyptian mummies to public audiences, and what opportunities and ethical challenges do emerging technologies present?
- P 34** Castañeyra Ruiz, María et al.: Two facial depictions of Guanche children from the summit of Tenerife (Canary Islands).
- P 35** Várad, Orsolya A. et al.: In search of TB among the members of the Hausmann family: Mycocerosic acid-based TB diagnostics via HPLC-HRMS
- P 36** Szvák, Enikő et al.: Memento and lullaby for an unborn baby from the Vác mummy crypt
- P 37** Szvák, Enikő et al.: The beginning of the Nephthys project
